

ABOUT THIS BIBLE STUDY COURSE

This is more than a bible study course it is also an evangelism training course. This course was not designed just to give knowledge. It is meant to help a person become a soul- winner and disciple-maker. It covers such topics as fruit bearing; reproduction; seed sowing; personal evangelism; how to write a testimony; evangelism strategy; fish cleaning and more with 4-5 studies on each topic. To help the student understand scripture as it relates to them, the studies have questions that “interrogate” both scripture and the student’s heart. They are designed to help the student put what they are learning into practice so that their studies become life-related and life-changing rather than just theological and theoretical.

Depending on how many people you have in your group, the studies take 30-60 minutes to complete. The exception is Testimony Workshop which could take 2-3 hours. Because a well prepared testimony is a key weapon in any soul winner’s arsenal, it is important to take whatever time is necessary to allow the students to write their testimonies in full and even have time to change it around a little if need be- This is to help the students push through fear and lethargy.

Comment(ary) (**in bold type**) has been included in the bible studies. These comments give historical background and context as well as challenge the student. Sometimes these comments will have scripture references; the leader/ facilitator may choose to have the students look these references up or choose not to, or they might ask if anyone would like to share their thoughts on the commentary. Also you need to decide whether you want to *share* the commentary or just read it. If you want to *share* the comments from your heart then you need to find time to go over the commentary so you have it in your heart, even if you cannot relay it word for word.

Okay, you’re now ready to teach; if you have any questions for me don’t hesitate to email me.

Also if you use this course to just train your church in evangelism or as a curriculum for an Evangelism and/or Church Planting Academy please email me to let me know how it worked out for you.
